1) Newington Public School Landscaping Winter Damage and Maintenance Funds

Commission Chair, Justin Richardson went before the April 18, 2011 Board of Selectmen's Meeting to request assistance with placing boulders along the back edge of the Fire Station parking lot, above the Newington Public School landscaping project to prevent additional future snow removal damage to the trees that were planted on the hill late last summer. After several questions as to other possibilities such as staking and/or installing orange plastic snow fencing late in the fall, it was agreed that the Town of Newington Public Works crew would provide and install five boulders in areas designated by LJH Landscape after they have mulched and fertilized the area.

A) Conservation Commissioner, Jane Hislop made a motion to approve the installation of boulders by the Town of Newington in areas designated by LJH Landscape. Vice Chair, Peggy Lamson seconded the motion, and all present were in favor.

Adjournment: Commissioners left the Board of Selectmen's meeting at 6:45pm.

Next Meeting: Thursday, May 12, 2011
