

HELP CLEAN UP NEWINGTON THIS EARTH DAY WEEKEND!

Earth Day is this Saturday, April 22nd!

As we celebrate this international day in support of environmental protection; the Selectmen ask for the community's participation cleaning up trash from our road sides. *Big thanks to the residents who have already started cleaning up our roadsides!* If you and your family can help; we ask that you wear bright clothing so that you are easily identified by passing motorists.

Thank you in advance for your participation!
