Library	Absolutely not; they are awesome (2 comments)
	Coffee Shop
	Was not supposed to increase cost/budget
	Limited use - no regular 9-5 hours, not pet friendly, cost of use per person high
Other Comments:	Offer both the Old Town Hall and Stone School as a package deal to a private developer for 55+ housing or workforce housing
	Workforce housing (2 suggestions)
	Workforce rental housing would qualify for Double Federal tax credits also funding from 50M. NH legislature for housing initiatives.
	Old Town Hall and Old Parsonage should be used more often and be kept clean and in good condition
	Meeting House - open to everyone - darken windows for movies for seniors-churches have too much exclusive use
	Use buildings to generate revenue rather than using taxpayer funds with no return for investments
	Why not include Carriage House in "how much should taxpayers pay for "historic Buildings"

	<p>The Town should get our Senators to get Government to fund the 3 million to rehab school because it deteriorated under Airforce watch.</p>
	<p>The 3 buildings have space, parking, facility/tech resources to support any expansion of town offerings</p>
