

Newington Police Scam Awareness Notice

This past weekend A Sanbornton resident received a phone call from a caller purporting to be from the “state chiefs’ assn.”, they said they were doing a fundraiser for child safety kits and also mentioned McGruff. The NH Chiefs of Police telemarketing campaign is focused on businesses only and emails go out to the Chief in the areas they are calling. I will be glad to answer any questions concerning fundraising efforts and questions about telemarketers and potential imposters. If residents want to make donations to any non profit organizations or the Newington Police Department, they can call us directly and we will provide legitimate contact information for the charities.
