

Newington Families Scholarship

For

Fall 2023 – Spring 2024 School Year

The Newington Families Scholarship Fund, in memory of Margaret Pickering, is awarded to students who attend a school of higher learning, which has a curriculum of at least two years beyond high school level. Additionally, this scholarship requires that all candidates must satisfy the following:

- Reside in Newington for three consecutive years prior to the date of high school graduation.
- Exemplify the characters so important to Mrs. Pickering: honesty, integrity, and maturity, including awareness of personal responsibilities to home, church, community, state and nation.

Scholarships are awarded in the spring; however, a check is issued after proof of first semester attendance (a copy of student's transcripts). Those who have received past scholarships from the Fund may renew their application each year for up to 4 years.

Please request an application from NewingtonNHScholarship@gmail.com

& Return by April 30th, 2023
